

# Manifesta 14 Prishtina 2022

## Full Participant List, Mediated Tours and Reminder to Accredited

Manifesta 14 Prishtina is delighted to announce the full participant list for the 14th edition of the European Nomadic Biennial starting on the 22nd of July 2022 in Kosovo's capital city, Prishtina.

Across parcours consisting of 25 different iconic locations in Prishtina – from the brutalist Palace of Youth and Sports to the Ottoman period Great Hamman – Manifesta 14 will bring artistic and urban interventions and a seven-floor thematic exhibition.

The biennial programme will feature 102 participants from 30 countries, who will present projects, events, performances and architectural interventions in a diverse range of public spaces across Prishtina!

Of the participants, 39% have Kosovar origins, the highest ever number of local participants in any edition of Manifesta. The inclusion of some of these Kosovar participants has replaced the parallel events featured in previous editions of Manifesta. This spotlight also shines on the rest of the Western Balkans, with a further 25% of the participants heralding from the region. Head to annexe 1 to view the full list of participants.

Manifesta 14's programme responds to Prishtina's call to reclaim and reimagine public spaces. An Urban Vision and biennial interventions by CRA-Carlo Ratti Associati, a series of Citizen Consultation and in-depth research by Manifesta's Education team, have inspired a multi-layered artistic and urbanistic programme. Under the title, It matters what world worlds world: how to tell stories otherwise, the programme was co-developed with the Manifesta 14 team by Creative Mediator Catherine Nichols in close collaboration with local collectives, artists, scholars, architects and activists.

Manifesta 14's ambition to establish a long-term interdisciplinary cultural hub has been realised with the renovation of the former Hivzi Sulejmani Library into the Centre for Narrative Practice and Oaza education space, which will open to the public on the 23rd of July 2022. Major urban interventions include the Green Corridor and an Eco Urban Learning Centre in the former Brick Factory.

## MEDIATED TOURS

An essential part of the Manifesta 14 programme, the biennial's Mediated Tours are the best way to get to know Prishtina and reveal the layers of the multi-faceted programme. The five available tours explore different themes, including: memory and space; gathering and public resistance; urban transformation; neoliberalism and the future of public space and Prishtina's old and new.

Lasting 90-minutes, each Mediated Tour is a dialogue between the visitor groups and the mediator as they explore the stories and histories of the venues, discussing the relationship between these spaces and the interventions and artworks of Manifesta 14 Prishtina. Many tours include short walks within the city, offering the opportunity to discuss public space in Prishtina, how this has been shaped by political movements and the growing ambition to transform the urban environment.

For the first time in Manifesta's history, Mediated Tours are completely free for regional visitors. International groups will be asked to contribute a small fee for their tour. Book your tours [here](#).
